

Character Development:

Our curriculum fosters the **development of pupils' characters**, which we define as a set of positive personal traits, dispositions, and virtues that inform pupils' **motivation** and guide their conduct so that they reflect wisely, **learn eagerly**, behave with **integrity**, and cooperate **consistently** well with others. These qualities equip pupils with the skills they need to flourish in society.

Children develop essential life skills like **gratitude, compassion, empathy, and confidence**, promoting their spiritual, moral, social, and cultural growth. They learn to make informed decisions, consider right and wrong, and understand their roles in the community.

Worship and Spirituality:

Worship enhances pupils' **spiritual, moral, social, and cultural growth**. Daily worship and opportunities for reflection allow students to explore Christianity and other world religions, develop spirituality, and celebrate inspirational individuals.

Responsibility:

Pupils learn responsibility through **leadership roles**, classroom jobs, and involvement in school and community decision-making. These experiences foster independence, develop pupils understanding of **British Values** including **democracy**.

Mental Health and Wellbeing:

We teach the importance of **mental health**, offering strategies for well-being, setting goals, building **strong healthy relationships**, and using outdoor activities for mental clarity.

Mental health awareness is further supported by PSHE lessons and Children's Mental Health Week.

Life Skills and Independence:

We teach life skills that develop children's **confidence, resilience and independence**. This is through residential trips, swimming lessons, and cooking workshops, learning **independence** and practical skills like map reading, cooking, and **personal responsibility**.

Experiences and the Wider Curriculum:

We offer enriching experiences through residential trips, cultural visits, and partnerships with organisations like In Harmony Liverpool. Pupils have access to extracurricular activities, musical education, and orchestral training, **developing their talents and interests**.

Celebrating Diversity:

Diversity and equality are integral to our curriculum, with a focus on understanding the importance of **inclusion** and combating **inequality**.

This is reinforced through themes, such as Black History Month, and by promoting **diverse figures** and **protected characteristics** across the INSPIRE curriculum.

Keeping Safe:

Our curriculum prioritises **safety online and offline**, with reminders of trusted adults, internet safety lessons, and safeguarding practices. Pupils also participate in **leadership roles** to promote a safe school environment, including Guardians and Computing Champions.

Healthy Lifestyles:

We emphasise healthy living with nutritious school meals, the WOW walk-to-school challenge, and health education through PSHE, DT and partnerships, including the LFC MOVE program, focusing on **nutrition, mental health, and physical activity**.
