

## Friendship: Brighter Day

Written and produced by ISingPop

If you get any lower  
is there someone around?  
Are they taking you higher?  
Are they bringing you down?

Everybody needs to realize  
We'll be stronger if we're side by side.  
One step behind you  
I've got to find you  
I'm gonna take you to a brighter day.  
One step behind you  
I've got to find you  
I'm gonna take you to a brighter day.  
A brighter day, a brighter day,  
A brighter day, a brighter day,

Is there somebody praising  
everything that you are?  
Do they say you're amazing?  
Do you know you're a star?

Everybody needs to realize  
We'll be stronger if we're side by side.  
One step behind you  
I've got to find you  
I'm gonna take you to a brighter day.  
One step behind you  
I've got to find you  
I'm gonna take you to a brighter day.  
A brighter day, a brighter day,  
A brighter day, a brighter day,

One step behind you  
I've got to find you  
I'm gonna take you to a brighter day.  
One step behind you  
I've got to find you  
I'm gonna take you to a brighter day.  
A brighter day, a brighter day,  
A brighter day, a brighter day,
